### FULLATAK SG690

#### Type of Adhesive

This is a solvent based adhesive specifically formulated to give an immediate aggressive grab to most synthetic sports turf products and approved tape systems. The unique nature of this adhesive allows for the installation of turf in a wet environment e.g. wet weather immediately before or during installation..

#### Product Benefits

- Aggressive tack
- High bond strength
- Can be used in a wet environment
- Excellent water resistance
- Excellent heat resistance
- Ease of application
- Coverage: up to 2m<sup>2</sup>/lt

#### Typical Application

Wet Environment Outdoor Synthetic Turf Adhesive

#### Typical Properties

Raw material base	Solvent
Appearance	Green
Viscosity (Brookfield)	40,000 – 50,000 cps
Surface Preparation	All subfloor surfaces shall be sound and clean, free of wax, grease, oil, old adhesive, paint, curing compounds, laitance, bond breakers and all other contaminants that inhibit adequate adhesion to the sub-floor. The sub-floor must also be free from hydrostatic pressure or capillary action. The adhesive should not be used in excessive cold or hot conditions i.e. below 8°C or above 28°C. All subfloors should be in accordance with current Australian standard installation practices. If application of the adhesive is on a joining tape, ensure the tape is approved prior to use of this adhesive

### Our Focus is Clear. Perfecting Adhesives.

IMPORTANT: Information, specifications, procedures and recommendations provided ("information") are based on our experience and we believe this to be accurate. No representation, guarantee or warranty is made as to the accuracy or completeness of the information or that use of the product will avoid losses or damages or give desired results. It is purchaser's sole responsibility to test and determine the suitability of any product for the intended use. Tests should be repeated if materials or conditions change in any way. No employee, distributor or agent has any right to change these facts and offer a guarantee of performance.

**NOTE TO USER:** by ordering/receiving product you accept the H.B. Fuller General Terms and Conditions of Sale applicable in the region. Please request a copy if you have not received these. These Terms and Conditions contain disclaimers of implied warranties (including but not limited to disclaiming warranties of fitness for a particular purpose) and limits of liability. All other terms are rejected. In any event, the total aggregate liability of H.B. Fuller for any claim or series of related claims however arising, in contract, tort (including negligence), breach of statutory duty, misrepresentation, strict liability or otherwise, is limited to replacement of affected products or refund of the purchase price for affected products. H.B. Fuller shall not be liable for loss of profit, loss of margin, loss of contract, loss of business, loss of goodwill or any indirect or consequential losses arising out of or in connection with product supply.

Nothing in any term shall operate to exclude or limit H.B. Fuller's liability for fraud, gross negligence or for death or personal injury caused by negligence or for breach of any mandatory implied terms.

## TECHNICAL DATA SHEET

Application Information	Apply the adhesive with a suitable trowel, this is dependent on the nature of the turf backing. Install the turf into the adhesive immediately after application. As work proceeds, remove any excess adhesive off the turf pile surface or surrounds. Roll the floor-covering per the manufacturer's instructions.
Limitations	This product is flammable. Use only in well ventilated areas. Keep away from heat, sparks and naked flames. Avoid contact with skin and eyes. Avoid breathing vapours, if swallowed do not induce vomiting, give plenty of water or milk and contact a doctor.
Storage	Do not allow adhesive to freeze, unaffected by freezing when dry.
Shelf life	This adhesive has a shelf life of 12 months from date of manufacture, providing the pail is unopened and under cover at 20°C.
Clean-up	Clean up surfaces and equipment whilst adhesive is still wet using FULLATAK SC Cleaner.
Safety Advice	Please refer to the SDS for safety advice.
